Never a corn on millions of feet nowadays

Do you know that millions of people who use Blue-jay keep entirely free from corns?

If a corn appears it is ended by a touch. A Blue-jay plaster or a drop of liquid Blue-jay is applied.

The corn pain stops. Soon the whole corn loosens and comes out.

Themethodis scientific. It is gentle, easy, sure. Old-time harsh treatments are supplanted by it with everyone who knews it.

It is made by a world-famed laboratory, which every physician respects. It is now applied to some 20 million corns a year. You can see that corn troubles are fast disappearing.

Then why pare corns and keep them? Why use methods which are out-of-date? Try this new-day method. See what it does to one corn. You will never forget its quick and gentle action. Your druggist sells Blue-jay.
